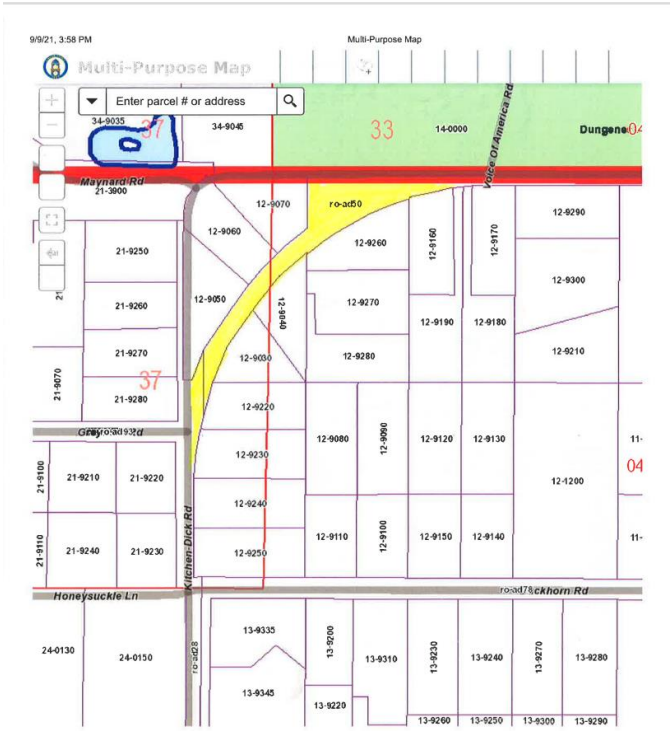
Kitchen Dick – Lotzgesell Curve



Sep. 9, 2021 email to Gunar Clem

The project is currently fully funded and we are hoping that engineering can begin in 2022 with construction in 2023 or 2024.

The Road Department has not traditionally mowed this area because it is not considered to be a fire hazard. We can mow it however the District 1 crew is working on other projects at the moment and so this mowing will have to wait until we have time available.

If someone else would like to mow the area please feel free to do so.

If you have any questions please feel free to contact me.

Ross
